Vfix Maintenance

Who We Are

At VFix, we're passionate about bringing smiles to our clients' faces, from retail outlet, F&B chain and property owners to their tenants, with our team of craftsmen-technicians and our expert-quality property maintenance services.

Our Vision

- 100% customer satisfaction and retention
- Durability and high-quality workmanship
- Professional and timely delivery
- Best value for money
- Best employee retention and bonus program in the industry

Our Mission

- To be the leading maintenance service provider in the UAE

Our Values

- Complete transparency and honesty with clients
- High quality and durable work ethics
- Professional approach to all clients
- Increasing knowledge and sharing best practices
- Providing the best value to all clients
- Always on-time and on-schedule approach

Message from Our CEO

VFix Maintenance & Technical Services LLC was established in 2015 with a key focus on improving the commercial and residential maintenance and repair operations scene in the UAE and providing high-quality services at value-for-money prices. Our fundamental guiding principle is to organise a sector, which is not very well represented in UAE.

We strive to ensure professional workmanship on all projects big or small, residential or commercial. Our customer-focused policy is based on long-term retention of clients and complete satisfaction. Our areas of operations include all kinds of residential and commercial maintenance issues, which owners, tenants and SMEs face on a regular basis.

Since VFix's inception, our professional business approach has helped us grow with a CAGR of 240%. This is due to our overall work ethic and commitment to provide the best value for our customers, with high-quality durability at reasonable prices. Additionally, our Maintenance & Repair Operations have been strongly commended by our customers, with a client retention rate over of over 98.4%. Ensuring the full satisfaction of our clients continues to work strongly for our organisation and cements our place as a top-rated service provider in the UAE's world of maintenance.

Having recently adopted the green mission, we ensure that most, if not all, of the materials used in our replacement and repair operations are recycled. We are strongly committed to reducing our overall carbon footprint, as well as reduce waste going into the landfill.

At VFix, we understand that only happy, well-paid employees can give the best service to our clients. Our entire team, from labour helpers to management executives, are paid on-time, above industry norms and are provided with the best-in-class insurance facilities.

Our overall corporate social responsibility policy continues to gain strength, and we are looking forward to partnering with key charitable institutions based in UAE to ensure both material and financial support from our profits every year.

Amandeep Kaur

CEO

VFix Maintenance & Technical Services LLC
