Company Overview

- Established in 2020
- Simplified and instant insurance solutions
- Technology-driven process
- Avon is our insurance partner broker for obtaining competitive quotes from insurance companies
- Over 300k+ active customers' database

Mission

Our mission is to simplify the insurance industry and make it easy for our clients and make it accessible to everybody. We understand the various nitty gritty of the complex insurance world, and use sophisticated technology to simplify the process, advise and educate our clients, helping them to make the best decision on the best suited insurance product for them.

Vision

Our vision is to make the best insurance reachable to each and every customer in the country. To achieve this, we need to take care of the individuals who can make this possible during the journey in the best possible manner. We have an open, friendly and collaborative work culture with a flat organization structure so that the group can fully focus on their work and provide the most value to our clients.

Insurance aggregators in UAE and their impact, Is the aggregator appropriate for you?

The word aggregator is basically a group of an independent agency or an association that gathers data from different organizations and places it on a single digital platform. In simple words, an aggregator collects and provides the data of numerous Insurance companies at a single online portal. This makes the task of finding insurance less difficult for the purchaser, as they need not surf around sites applying for quotes which can be an extremely tedious exercise.

INSURANCE AGGREGATOR

Benefits of choosing a Web Aggregator.

- Purchasing insurance online aggregators are truly authentic.
- The customers can buy the policies from anywhere.
- Web aggregator is swifter in functioning. It saves time and effort.
- Provide innovative solutions in order to meet customers' queries.
